

## **Clinical & Radiological Approach to the Diagnosis of Skeletal Dysplasias**

**The Spring Instructional Course** is provisionally set for **16<sup>th</sup> – 18<sup>th</sup> May 2022**.

Exciting news as we are planning for this to be a face-to-face course to be held at Halifax Hall in Sheffield.

Further details to be announced in due course but if you would like to register your interest, please email [nickybishop66@gmail.com](mailto:nickybishop66@gmail.com)

### **Course Objectives**

After attending this course, delegates will:

- 1) have a grounding in the clinical, radiological, genetic and orthopaedic principles underlying skeletal dysplasia diagnosis and management
- 2) be able to diagnose commoner skeletal dysplasias
- 3) have a framework for approaching rarer disorders based on clinical or radiological presentation
